Inquiry to Invention: An exhibition elaborating the perspectives, work and project journey of students on **'Sounds', 'Movements'** and **'Light.'**

The exhibition emphasizes on the power of learning through inquiry. It is a culmination of work done our Pre-School Children, and highlights their learning journey through five week research projects on Sounds, Movements and Light.

The exhibition will display the comprehensive learning journey and work done by these students, through drawings, clay and 3D models, stories, rhymes, riddles, photos, videos, installations and much more.

Also on display are ideas and work on **'Nature Art'** and **'Game Design'** by Class 1 to 4 Students, focusing on Naturalistic Intelligence and Mathematical-Logical Intelligence based on Dr. Howard Gardener's Multiple Intelligences Theory.
